Coaching on demand at Deltion College in Zwolle, NL, March 24 - 26, 2010

- The status of the projects has been reviewed according to general milestones and individual plans.
- The localization of MC at Deltion as the aim of phase 2 has reached a very high level already:
 - The curriculum for implementation is selected as well as cases, infrastructure, processes and overall goals for implementation are set.
Even more, implementation of MC of phase 4 has already started, i.e. teaching material is adapted, newly created and tested, the MC core team of teachers is continuously expanded, and students are active part of the change process.
- An interactive workshop for 15 teachers at Landesakademie Esslingen and Festo, Esslingen is prepared for April 2010 to open up the MC concept for the organization as a whole.

The Deltion MC team is definitively well prepared to house the project workshop "Sharing of Lessons Learned" in June.
